Welcome to the first edition of our school magazine. We held a competition and then a school vote for the name, and as you can see 'Meole Matters' won. Thank you to all the students and staff that took part in that decision.

The purpose of this magazine is to give you a regular insight into life at our school, particularly all those 'added extras' that the school is well-known for. It won't capture everything, but this first edition is a step towards having a more regular round-up of extra-curricular events that have been going on, be it visits, sports, competitions, aspiration talks, special events or student leadership activities.

Some school news now...

This week Year 11 have received their results from their recent mock exams and are now entering the final phase of their secondary education. Indeed, some practical exams have either already started or will do soon after Easter. The first written exams start on Monday 15th May and run until the 21st June. We wish them all the best for their final preparations and exams.

Year 9 have been choosing their options this term. We continue to offer a wide selection of option subjects (a full list can be found on our website) but in recent years we've added Engineering & Manufacture, Sociology, Classical Civilisations. We also continue to offer 3 languages at GCSE (French, Spanish and German).

Last week some Year 7 students fed back to a group of governors about their first year. I know governors were particularly impressed at their positivity and openness – their feedback will go direct to the wider Local Governing Body before the term. We are always on the look-out for new governors – if you're ever interested in joining the team, please let get in touch.

Heads of Houses have been busy working with students and staff planning new rewards based on House Points. We've added an 'extended break' and a 'tutor-group non-uniform days' to our repertoire of rewards. Hot chocolate Friday, however, remains a firm favourite.

Before I finish, a couple of Thank Yous: Attendance and punctuality to school has really improved this year and we are now better than the national average. Thank you for all your help with this. This term has seen some interruptions to teaching and learning, what with the NEU strikes and snow days. I would like to thank you again for your patience and understanding with this.

Have a good Easter

Meole Brace Ski Trip 2023

In the last week of February, 49 students from Meole Brace School took to the snowy slopes at les Menuires in Trois Vallées in France. This was a return visit to an area last visited in 2018. Conditions were glorious, with sunshine and blue skies each day. In an area with 370 different trails to roam, students made the very best of their time exploring all over the valley with new routes being attempted each day.

Students had an excellent time and made amazing progress over the six days. Some had previously skied and others had never been on a pair of skis before. Under the expert tuition of the instructors, the majority of groups progressed onto the red and blue slopes, enjoying views of Mont Blanc in the distance from heights of up to 2800 metres. Shooting over the jumps in the Snow Park was a great source of amusement, with students taking to the air with varying degrees of success!

It was an action-packed time for all, and everyone embraced the opportunity to try new things. Students took the opportunity to practise their French, and are proud of their many new skiing skills, in some cases even including 360 degree turns (on purpose!).

Meole Brace Ski Trip 2023

Students took part in a variety of evening activities, with a highlight being the pizza night in a local restaurant. An amusing spectacle was the Winter Games at night, where students competed in sub-zero temperatures to complete a sequence of challenges, bringing to the surface some very competitive natures.

A breath-taking demonstration where the instructors from the valley skied down from the heights with torches in the dark created an amazing illuminated display alongside fifty drones with lights forming beautiful images in the night sky.

Prom Dress Event supporting Severn Hospice

On Friday 17th March Meole Brace School held a Prom Dress Sale Event for Severn Hospice.

Students were welcome to come view & buy dresses, shoes & accessories from the school hall.

Dresses were ranged between £20-£60 and had either been donated by the public or direct from bridal shops.

It was a very successful evening and we raised an amazing **£600!!**

A big **THANK YOU** to everyone that attended & helped contribute to a wonderful charity.

Locked Up!

Meole Brace RE and Sociology students took part in our annual trip to the Dana prison in Shrewsbury. The trip gave students a fantastic opportunity to engage with a range of ideas, enriching the experience of their GCSE course external to the classroom environment. As part of their GCSE, RE students cover a unit of 'Crime and Punishment', and GCSE Sociology students cover 'Crime and Deviance'. This trip allowed students to gain a greater understanding surrounding the concepts of crime, punishment and the treatment of criminals, thus making connections between ideas and concepts we learn in the classroom, and real-life experience.

Locked Up!

Whilst on the trip, students were given a guided tour of the prison, which was carried out by ex-officers who used to work at the Dana Prison. Whilst being shown around, the students were able to hear stories about the prison, how it was run and how criminals were treated. They enjoyed discussing as to whether prison is an effective form of punishment, or if there were better means to punishing criminals. There was not one consensus drawn, however students thoroughly enjoyed deliberating and debating this concept. Students also took part in a 'prisoner experience', dressing up in orange jump suits so they all looked the part! They completed a 'cell escape' experience, where students were put into groups in cells, and had to try to work out a code-breaker in order to escape the cell! Both students and staff enjoyed this experience, with the students asking the prison officers lots of questions about the prison and how it was run.

Meet the RE Department

Name: Miss R Parsonage (Head of Department)

What made you want to become a RE/Sociology teacher?

I have always wanted a job where I wasn't just making money for someone else but doing something that helped others. I really enjoyed school and had an inspirational RE teacher. I remember thinking, that would be a nice job and now I do that job! I also find the academic study of religion and society really fascinating, so it's lovely to be able to use my knowledge of that in my everyday life.

What makes a good day at school?

One where I feel like I've achieved something. Where students have enjoyed the lessons, been interested and learnt something new. I also like having the opportunity to help other members of staff out, whether that's just having a chat about something or helping them with something they're struggling with.

What's the worst thing about being a teacher?

The marking! It can take a very long time; however, it can feel very rewarding when you find the students have taken on board what you have said and are doing that independently so you can see their progress.

If you could pass any wisdom onto students what would you share & why?

That you can not plan life, however much you try to! But what you can do, is work hard everyday and make the right choices so you have the best chance of a happy, fulfilling life.

Tell you one interesting fact about yourself:

I have been renovating an old house for the past 6 years. I have loved working on it and turning it into my own little peaceful sanctuary away from the world. All the furniture is antique and I make all my own curtain and blinds etc. William Morris is my favourite designer.

Meet the RE Department

Name: Miss L Egan

What made you want to become an RE teacher?

I have always enjoyed learning about other people's lives and why they choose live them in the way they do, and what motivates them to do so. I am not religious myself, therefore it intrigues me as to why people hold different beliefs. RE has allowed me to develop a deep level of respect and understanding towards others. I also had a very inspirational RE teacher at school who made me love the subject!

What inspires you?

There are lots of things that have had a positive influence and inspired me in my life, be that travel experiences; historical figures; family members; teachers; friends and colleagues. I think that is the whole purpose of life... both the good and bad experiences shape us into who we are today. I think that my main aim or inspiration in life is to be the best I can be, and help others to be the best that they can be as well as reach their potential.

If you could take the students on a school trip to anywhere in the world, where would you take them?

I would take students to Rome, there is so much to see there in one place!

Is there a quote or saying that you live your life by?

"The best way to predict your future, it to create it"

Tell you one fact about yourself:

I own a classic car from the mid 1930's that I drive when the weather is nice!

Jake Davies – Teacher of PE

Rob Court – Teacher of Science

We would like to say “Goodbye & thank you” to the following staff who are leaving us at the end of the Spring Term:

Cindy Smith – Cover Supervisor Lead

Chloe Stone – Cover Supervisor

Meet the Heads of Houses

Name:

Mr M Llewellyn

House:

Dragon

What made you want to become a

Head of House?

It is a role that focuses on positivity. I wanted to be part of rewarding our students for all their hard work and to celebrate effort and achievement.

Why is your House better than the others?

I have to be honest, all the houses are brilliant! Dragon is obviously my favourite but I am really proud of all the effort our students put into each school day, which is made evident by the house points they achieve.

What are your House Values?

A Dragon is.. Always ready, Eager to take part, Resilient, Consistent and Willing to help others.

Is there a quote or saying you live your life by?

Treat others as you wish to be treated yourself.

What is your spirit animal?

A Dragon!

Tell us an interesting fact about yourself:

I love animals (apart from spiders!), especially dogs.

Meet the Heads of Houses

Name:

Mrs R Hurlstone

House:

Centaur

What made you want to be become

Head of House?

I love making people happy. Making a students' school experience as fun and as full of amazing memories and experiences as possible is literally my job description and it is AMAZING! The best thing about being a house leader is recognizing and rewarding all of those students that come to school every day and just do the right thing.

Why is your House better than the others?

Because Centaur is green, green is the colour of plants, plants are studied in biology, biology is the best subject and the rumour is that the teacher is really good.

What are your House Values?

Pride, Determination and Resilience.

Is there a quote or saying you live your life by?

Everything for a reason!

What is your spirit animal?

A lioness. Or a flamingo. You decide!

Tell us an interesting fact about yourself:

I do Krav Mago.

Meet the Heads of Houses

Name:

Mr J Taylor

House:

Phoenix

What made you want to become a Head of House?

I wanted to try and find more opportunities to praise our young people in school and give them experiences they will remember for the rest of their lives.

Why is your House better than the others?

We have an amazing team spirit. We showed that at last year's Sports Day when the noise we made was amazing.

What are your House Values?

Participation, Pride, Positivity. We are all about getting involved, supporting each other along the way and celebrating success.

Is there a quote or saying you live your life by?

'Knowledge is power'. I say this to our young people every day as I believe that knowing things helps us become better and more rounded people in adulthood.

What is your spirit animal?

A Meerkat. I am incredibly nosy and love to watch what is going on around me.

Tell us an interesting fact about yourself:

I once appeared on Blue Peter in a cooking competition. I still have the badge somewhere!

Meet the Heads of Houses

Name:

Mrs J Moore

House:

Griffin

What made you want to become a Head of House?

The positive aspects of the role are what made me want to be a Head of House. Celebrating successes and motivating students to always try to do their very best.

What makes your House better than the others?

We are reigning champions of the best event in the school.. MBS Sports Day– Need is say more?? LOL!!

What are your House Values?

To have courage.. To be a positive role model and lead by example.. To have strength and persevere when things get tough..

Is there a quote or saying you live your life by?

Even a small act of kindness can make a big difference in someone's life.

What is your spirit animal?

Dolphin.

Tell us an interesting fact about yourself:

I like to do upside down press ups and walk on my hands!

Meet the Heads of Houses

Name:

Mrs F McGarrity

House:

Valkyrie

What made you want to become a Head of House?

I've always loved the idea of houses in schools and was so excited when Meole introduced them. I really love our big school but wanted students in my house to feel seen and appreciated by someone other than their form tutors and head of year.

Why is your House better than the others?

Valkyries are special. We listen, support and challenge one another to constantly be the best versions of ourselves. We are dignified and don't focus on competition with the other houses, but competition with ourselves.

What are your House Values?

Strength, Integrity and Commitment.

Is there a quote or saying you live your life by?

Be the best version of yourself.

What is your spirit animal?

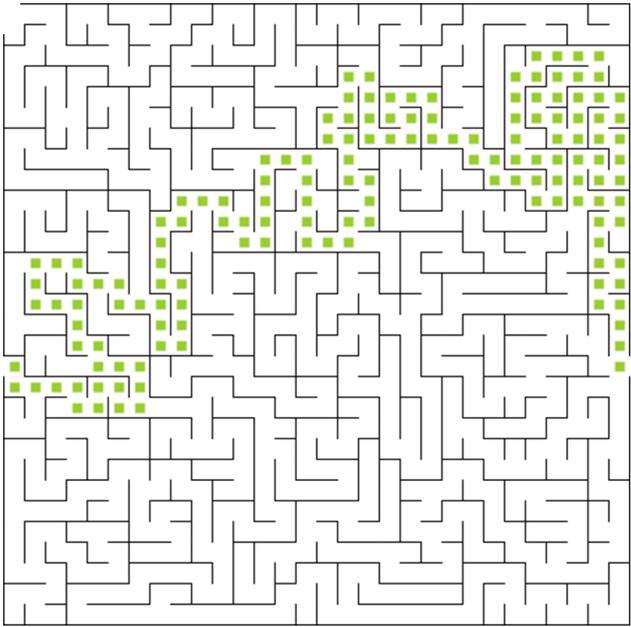

An eagle.

Tell us an interesting fact about yourself:

I started an educational TikTok page in 2020 and now have nearly half a million followers.
